22nd -24th – Hedgehogs & Foxes at Thames Young Mariners

July 2018

6th July – INSET
9th July – Aspirations Week
20th July – Records Day – Children not in school

We (staff and children) celebrate making it through a five day week for the first time since mid-December! Very tiring but exciting to be back into full learning mode!

It was lovely to see so many children involved in clubs this week. As well as football and netball fixtures we have also entered badminton, hockey and cricket competitions which we are looking forward to!

I hope you enjoy the maths challenge below! We are continuing to develop the children's problem solving skills to build on the learning during problem solving week – answers will be revealed next week! If you are interested in taking part in a Year 6 Problem Solving Lesson this half term then please get in touch with the school office.

I hope you have a restful weekend,

David Gunning
Deputy Headteacher

Plastic Milk Bottle Top Request

Thank you to those of you who have donated plastic milk bottle tops so far. We are continuing to collect them for a local charity and would be grateful for your contributions. The bottle tops can be handed in at the office.

Breakfast Club

We run a breakfast club at school every weekday morning from 7.45am. The charge is £4.00 per session. If you would like to sign your child up for breakfast club, you can do so by contacting the school office on 01483 473315 or pop in when you are dropping off or collecting your child. We are now able to accept cash or childcare vouchers.

Maths Challenge

Each week this half term we will be providing a maths problem for you and your child to solve! This week's problem is below:

Magic V

Place each of the numbers 1-5 in the V shape below so that the two arms of the V have the same total.
How many different possibilities are there?
What do you notice about all the solutions you find?
