

## Handwriting

Handwriting is a key skill and a foundation for future learning, therefore at Brookwood the children follow a clear path through the school for learning this integral skill. We transition from teaching print form in Reception and Year 1 to casual cursive handwriting from Year Two to Year Six following the Letter Join Scheme. Handwriting is integrated across the curriculum and modelled consistently. This will ensure that the children leave at the end of Year 6 having mastered an important means of physical communication.
